What Continental Brings to AirJet

❖ Through excellence in design and manufacturing practices, Continental thrives on

- Quality
- Delivery
- Customer service

From Design to Production

- ❖ With more than 110 years of corporate experience in design and manufacturing, we know how to get it done right.
- ❖ Our engineers look for the best and most cost-efficient ways to approach the design challenge.
- ❖ Manufacturing efficiencies have enabled us to bring product to your door with consistent, on-time delivery and the best possible price.

All Continental product is proudly made in the U.S.A.

The Revitalized AirJet

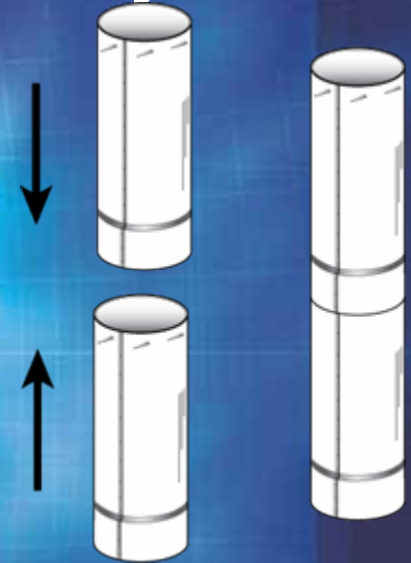

- ❖ Now, AirJet is characterized by
 - Product quality that exceeds all competition
